

FOR IMMEDIATE RELEASE

Connect! Community Discussions to Focus on Mounds Lake Proposal

Media Contact: Shawn Neal, 765-623-2120, shawn@connectmadisoncounty.com

(Madison/Delaware County, Ind.)- Connect! Madison County will present three discussion panels to take an in-depth look at the Mounds Lake Proposal. According to Connect! founder Shawn Neal, the discussions will be “non-political, informative and interactive events,” moderated by long-time regional radio talent, Gary Brummitt. " We hope the audience will connect with the discussion and feel a part of the discovery," Neal added.

Sponsored by St. Vincent Anderson Regional Hospital and Community Hospital Anderson, The Connect! Community Discussions will be presented in a 60-minute talk-show format and will address key questions and concerns regarding the proposed project. The final portion of the discussion will allow audience members to ask specific questions to the panel. For those unable to attend, live coverage will be available on connectmadisoncounty.com.

According to Neal, the three events were designed to get local involvement from each affected community. "We wanted to take this discussion to the people and open the dialogue," Neal said.

Panelists for the discussions will include Rob Sparks, executive director of the Anderson/Madison County Corporation for Economic Development; Chad Pigg, president and CEO of SESCO Group; and Jonathan LaTurner, project manager of DLZ Engineering.

About the Mounds Lake Proposal

Mounds Lake on the White River, will provide billions of gallons of water to central Indiana that will mitigate drought and flood impact and allow the entire region to continue to grow economically for decades to come. At the dam Mounds Lake will capture and control over 400 square miles of the White River watershed, a 67% increase over the three current reservoirs combined.
